Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

Under the flat fee proposal you are considering, people who make few long distance calls would pay the same as people or businesses that make many calls. In other words, low-volume and primarily residential customers would bear the same universal service fund burden as a high-volume residential or business customers. This is unfair!

I use my wireless phone for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

I AM A DIALYSIS PATIENT ON A LIMITED INCOME MY PHONE IS MY LIFELINE IN AN EMERGENCY I HAVE PROBLEMS NOW WITH PAYING MY BILLS IF YOU PUT THIS ON MY HOME PHONE AND MY CELL PHONE (WHICH I USE ONLY FOR MY DRIVES TO AND FROM DIALYSIS WHICH IS ABOUT 20 OR 30 MILES FROM MY HOME EACH WAY AT 5:30 IN THE MORNING IN ALL TYPES OF WEATHER BECAUSE I DON'T HAVE THE CHOICE OF NOT GOING WHEN THE WEATHERS BAD BECAUSE IF I DON'T I COULD GET EXTREMELY ILL OR EVEN DIE.) SO I HOPE YOU WILL NOT DO THIS.

SINCERELY YOURS, SHARON KAY FIELDS

Sincerely,

SHARON FIELDS
